RGU/AR/WORKSHOP/60/2016-17

29.11.2016

To  
The Principals of  
All the colleges affiliated to RGUHS

Dear Sir/Madam,

Sub: Regarding conduct of research methodology workshop for the faculty interested in applying for research grants for the year 2017-18.

This is to inform you that Rajiv Gandhi University of Health Sciences will be inviting the applications for release of research grants for the year 2017-18 in the month of April 2017-18. In this regard, the University has taken a decision to categorize the research applicants into two categories namely junior category and senior category. Junior Category consists of such teaching faculty who have not received any research grants in the past either by University or any other funding agency. Senior category consists of teaching faculty who have received research grants from the University or any other funding agency.

The decision has been taken by the University that all Junior Researchers desirous of applying for research grants for the year 2017-18 be trained in research methodology workshop proposed to be organized in February/March 2017. It is to be noted that registration and training in this research methodology workshop is a pre-requisite for applying to research grants for the year 2017-18. The certificate that is to be issued for having undergone this training will be a pre-requisite for processing of research application. However, teaching faculty with Ph.D qualification or teaching faculty who have received grants earlier either from the University or from any other funding agency are exempted from this pre-requisite clause.

Hence, all the teaching faculty who fall under the category of Junior Researchers and desirous of applying for research grants for the year 2017-18 should register with the Advance Research Wing for the Research methodology workshop proposed to be conducted by the University in February/March 2017. Please note that there is no restriction on upper age limit for applying for research grants and any faculty irrespective of their position they hold are eligible to enrol for the said workshop provided they espouse the cause of research and are willing to be trained for the same. The details of the Registration form is available in RGUHS website in Advance Research Wing. The last date for Registration is 15<sup>th</sup> January 2017.

The Principals are kindly requested to bring this information to the notice of all teaching faculty.

Thanking you,

Yours sincerely
