Deliberation	<p>Registrar informed about the number of applications pending for grant of fresh/increase in intake/additional course of Nursing/Allied Health Sciences/Physiotherapy for the year 2020-21 &amp; 2021-22. He also briefed about the number of colleges, available seats and vacant seats in Nursing, Allied Health Science and Physiotherapy colleges for the year 2020-21.</p> <p>After detailed deliberation, members opined that the data shows that the number of colleges are more and as per the data of vacant seats there is a necessity to impose moratorium for starting of fresh Colleges /increase in intake/additional course of Nursing, Allied Health Science and Physiotherapy to maintain educational standard at the college level and to curb the mushrooming of colleges.</p>
Decision of CAC	<p>The Committee of Academic Council members discussed several issues related to mushrooming growth of Nursing, Allied Health and Physiotherapy Colleges as mushrooming of college may lead to poor infrastructure inadequate teachers/faculties and as per the data of existing colleges and vacant seats, there is a necessity to impose moratorium for a period of 3 years for grant of fresh/increase in intake/additional course of Nursing/Allied Health Sciences/Physiotherapy from the year 2022-23 onwards (except Government Institutions) and it also resolves to consider pending proposals based on their merits. It was recommended to write to State Government for imposing moratorium for three years.</p>

**3) Dr. Munir Ahmed R, Members of Academic Council, RGUHS**

SL NO	RESOLUTIONS
1.	<p>Agenda 1</p> <p>To include a module of Educational Methodology as an optional course of study in all the post-graduate programs of RGUHS-K.</p> <p>Reason:</p> <p>The post-graduates of any stream are likely to pursue a teaching career. There is no formal training to be a teacher, either during their post-graduate study or as a preparatory process before they join as teachers for health professionals' education. Further, all the post-graduate programs of our University have a component of assessment for 'Pedagogy' in the University examinations under the 'practical' category of assessment. A similar effort is already in place for MD Homoeopathy Courses of the University. Therefore, providing sensitization and basic competency in educational methodology during the post-graduate courses is justified.</p>

	<p><b>Resolution:</b> The Academic Council passes a resolution to introduce a module of Educational Methodology for all the post-graduate courses of Rajiv Gandhi University of Health Sciences, Karnataka.</p>
<b>Decision of AC</b>	Accepted the resolution
2.	<p><b>Agenda 2</b></p> <p>To ensure that all the questions of the University's Question Papers would have active verbs as compulsory component.</p> <p><b>Reason:</b> The reliability and validity of assessment is majorly determined by the specificity of assessment tools, i.e., the Questions. Structuring the questions with active verbs for all levels of questions in the Question Paper provides clarity and specificity for both the candidate and the assessor, so that deviations in answering and scoring can be overcome. Teachers of University who are trained in the educational methodology can be drafted to set or review the QPs to make the assessment tools appropriate and germane for a fair and consistent assessment.</p> <p><b>Resolution:</b> The Academic Council passes a resolution to institutionalize the practice of ensuring that 'active verb' of appropriate Gilbert's level is integral part of questions at all levels in the University's Question Paper.</p>

Ayurveda examiners list provided by the office was circulated to all members and approved.

**Decision:** All the agenda of the meeting were unanimously accepted, except decision 2 (B) taken in the matter with permission of the chair i.e. **"regarding theory valuations - it was recommended to consider best of first and second valuation"**

With respect to the recommendation done in the BOS (UG) meeting regarding theory valuation, after detail discussion it was decided to continue the present method of valuation. It was also decided to seek the guidelines for theory valuation methods followed in MUHS, Maharashtra. It was also decided to seek clarification from NCISM, New Delhi, to suggest guidelines for theory valuation. In this regard the Dean has been asked to submit the draft letter to be addressed to Chairman and President of Ayurveda NCISM, New Delhi at the earliest.

**To consider and deliberate on the proceedings of Ayurveda (PG) held on 7<sup>th</sup> October 2021.**

**Agenda No. 1:**

a) Research Methodology Workshop to be conducted to the post graduate teachers dealing with the subject.

The Board unanimously resolved for the conduct of the Research Methodology and Biostatistics Workshop from RAATI. Two teachers should be deputed from each college who will go through the training and hands on workshop. An examination will be scheduled at the end of the workshop and a certificate will be given to the participants after which they would be considered to be recognised teachers in the subject.

A subcommittee to design the content, Duration Of the course, whether it should be held in a centralised way or at Zonal level was constituted. Dr Sanjay Kadlimath, DrRavi Rao & Dr Ravichandra Menhe were entrusted with this work. The report is to be submitted by 15<sup>th</sup> Oct 2021.

b) The Board also agreed to conduct the workshop mandatorily to all the PG and Ph D guides subsequently.

c) It was also discussed in detail about the Registration of the

Institutional Ethical Committee of Ayush Colleges which presently is not recognised. It was decided to correspond with DG CCRAS, New Delhi and Hon Secretary AYUSH New Delhi requesting their intervention in this matter.

**Agenda No. 2:-**

The date of the First year PG Exam was fixed to be Feb 2022. The practical's for the Nov exams is scheduled from 21<sup>st</sup> of November.

**Agenda No. 3:-**

The Principal and the Coordinator of the respective colleges would be made responsible for the updating and accuracy of the examiners panel. Since some subjects were not represented in the panel the other members were given the responsibility to take care of them.

The list of eligible teachers to be published on University website.

**Other Subjects**

It was agreed that PG theory paper evaluation minimum time has to be enhanced to 8(EIGHT) Minutes.

It was decided that a log book has to be introduced to the 2021-22 batch of PG Scholars which must be evaluated at the time of Final exam. Dr Ashwin kumar agreed to work on this in consultation with Dr Patil and submit the proforma of the same by 30<sup>th</sup> October.

It was unanimously agreed to implement that two research papers to be published by all PG scholars not related to their dissertation before entering the final year from the 2020-21 batch of students. To ensure that this is happening in all earnestness the Dissertation evaluation sheet should contain this point and the dissertation would be accepted only if this was fulfilled. The online uploading of the dissertation should have two more tabs to enable the student to upload the two research papers The onus of this will be on the guides.

Changes in NCISM policies must be brought to the notice of the University ASAP.

It was decided to invite Sri Veerendra Heggade as the Chief Guest for

**Decision:** The decisions and recommendations of the meeting were read and accepted in total.

**Agenda No. 5:** Any other matter with the permission of the chair

The members suggested the various issues, which were discussed in detail and following recommendations were suggested.

1. **Attempts for passing PG examination:** In the present Apex body regulation of Ayurveda PG, there is no mention of any attempts to complete the course. The candidate has to complete the course in double the duration but University in its regulation has mentioned as only 3 attempts have been provided to clear the PG exams, which is not in accordance with Apex body regulation. The members opined that this matter has to be reconsidered and necessary steps have to be taken in this issue to follow the guidelines of apex body.
2. **Clarification regarding attempts:** When a student pays the examination fees and doesn't appear for the examination, then the university is considering it as an attempt. The members suggested that in case of genuine reasons, if the student doesn't appear for exams, then it should not be considered as an attempt.
3. **Workshop for PhD and PG guides:** The members opined that sensitisation workshops for PhD and P.G. Guides are necessary. Hence as per the recommendation of UG and PG BOS decision the workshops have to be conducted through RAATI at the earliest. The guidelines for the workshops will be provided by the Chairman PG BOS Ayurveda.
4. **Matter issuing of Guide recognition to Contract basis appointed Govt AYUSH teachers:** The recognising the PG Guide of Government AYUSH Faculty, appointed on contract

	<p>basis matter issue is pending. The matter was discussed on detail. It was decided to recommend to the Director DCD to submit a <b>reference note to Syndicate regarding pending Issues of such PG Guides</b>. As the matter is urgent it is requested to take the matter in the next Syndicate meeting</p> <p>5. <b>Appointment of Examiners:</b> The members felt that it is desirable to send the examiner appointment letter to each teacher through email. Earlier this was in practice. But since last few examinations the list of examiners is being sent to the Principal of examination centre. This has led to few objections. Hence members suggested following the earlier method of, intimating the Examiners separately and as well sending the list of examiners to the centre.</p>

	AGENDA 1	Introduction of new members in the team and to brief them their roles and responsibilities
	DISCUSSION	The team introduced themselves to the director and the Deputy director of the CDC. The director briefed about the things which can be discussed in the meeting and the deputy director instructed the roles and responsibilities of the BOS members and guided them to go through the same.  Accepted
	AGENDA 2	Review of the proceedings of the BOS meeting held on 8 <sup>th</sup> November 2020.
	DISCUSSION AND RESOLUTION	In the last meeting, there was a discussion on the syllabus which needed a small updating on a particular component regarding "good to know", "must know" and "desirable to know". After having a discussion in that meeting and also taking advice and guidance of the experts from the field, that component was considered to be added. Henceforth, documentation was done and the soft copy was ready and submitted to the university for approval. The approval from the university side is still pending.
	DECISION	The exercise of Blue printing has been done and the same was submitted to the CDC section. The papers will be moved to ensure implementation

AGENDA 4	Forming the new Board of Examination panel
	Decision: The BOE panel would be by the University. The same will be initiated
AGENDA 5	Review and approval of revised BPT Examination Panel.
DISCUSSION AND RESOLUTION	<p>The revised list of examination panel was read and discussed with the members. The exam section suggested the members to update the whole physiotherapy faculty by uploading all the details in the teacher's data base at the university website. The newly added staff details can be filled in the Google forms and submitted and the BOS Chair will proceed with the further necessities to be done at the university side for the newly added staff.</p> <p>Also, there was a point added that few staff just reject the duties at the nick of the time which will create lot of issues for the exam section to make a new order copy and send it on time. So such cases should be avoided at the maximum and only if there is an emergent situation such rejections will be considered.</p> <p>All these points have to be passed to all the principals of the governing colleges and made sure it will be reaching to each and every staff.</p> <p>DECISION : The same has been implemented</p>
AGENDA 6	Any other matters with the permission of the chair
DISCUSSION AND RESOLUTION	<p>(i) Revising the entire syllabus was a topic of discussion. Since it was 5 years after forming the current syllabus there is a dime need to update the syllabus with recent trends and advanced learning topics and methods.</p> <p>(ii) Competency Based syllabus was suggested by</p>

Two newly included specialties are MPT sports and MPT Movement Science. Eligible guides as per below criteria can guide PG students without changing their specialty until such time sufficient guides are available in the following specialties. Eligibility to guide Sports: MPT in Musculo Skeletal Sciences or Orthopaedics and MPT in Sports from recognized Universities with necessary experience as per ordinance. Eligibility to guide Movement Science: MPT in Musculo Skeletal Sciences or Orthopaedics and MPT in Neurosciences from recognized Universities with necessary experience as per ordinance</p> <p>5. Change of specialty subject by Guide: Once the Guide chooses a specialty, they will continue as a guide for that specialty both within the college or when they move to another institution under RGUHS.</p> <p>6. The number of students that a recognized guide can guide is restricted to a maximum of 4 students/batch.</p> <p>Decision Accepted and ratified</p>
	<p>Matters regarding confirmation of seat allocation per specialty from affiliated colleges</p>	<p>MPT Seat allocation was identified as per the LIC report submitted by the colleges to the RGUHS. However, from 13 more institutions the seats division has to be confirmed. The Dean, faculty of Physiotherapy, mentioned that there is no Government order to the institutions regarding division of seats, since the seat division is not yet taken up by the Affiliation section; Academic council &amp; Syndicate.</p>

167/7	Eligibility and Admission approval of Nursing, Allied Health and other Health care related courses after scrutiny of document reg.
ಚರ್ಚೆ	<p>Hon"ble Vice-Chancellor briefed about the e-mail received by Dr.K Venkatagiri Syndicate Member regarding Eligibility and Admission approval of Nursing, Allied Health and other Health care related courses after scrutiny of documents and Paperless work towards continuation of Affiliation and deposit of fixed Bank balance to concerned Health related courses under RGUHS.</p> <p>Dr.K Venkatagiri Syndicate Member, RGUHS expressed his opinion that due to delay in the Eligibility process and scrutiny of documents for Nursing, Allied Health and other Health care related courses happening at RGUHS at concerned sections owing to the deficiency of original documents of few students the whole process is kept withheld which is affecting other students who have fulfilled with all dues. If the respective section releases the eligible candidates list in the concerned college portal or website it would be convenient to carry on further towards admission approval and the Admission section can fasten up the process after receiving eligible candidates list and host the same in the RGUHS website. All these processes has to made through <b>ONLINE</b> mode for easy accessibility. For.e.g , NEET system can be adopted</p> <p>In this regard, he requested to speed up the work at eligibility and Admission section of RGUHS and host the admission approved candidates list in the concerned college portals and RGUHS website at the earliest so that students who are found with any deficiency in their documents can switch to other courses without losing their academic year.</p> <p>He also requested to deploy paperless work towards continuation of</p>
