In the earlier meeting of Finance Committee, the same was accepted and it was sent for Syndicate for its approval, where the subject was deferred for want of detailed discussion. The Hon'ble Chairman with the due consent of all the members present, decided to meet once again on 10.06.2021 at 17.00 hours to continue the discussion on the 'Statute'.</p>

employees involved in the confidential work, to discuss if any provisions are available to pay any extra remuneration / overtime allowance to Deputed Government Officials / RGU employees, outsource and menial employees , and also if any provisions exists to pay remuneration keeping in view KFC, KCSR and MCE and notifications issued by the Labour Department etc. The subject is placed before the Finance Committee for its decisions about the payment of remuneration.

The Finance Officer and member Secretary informed the Committee that subject no. 6(a) to 6(j) are all, to some extent, similar in nature, which pertains to the different sections under Registrar Evaluation. He also informed that some of the expenditure on these subjects are being wrongly spent by the sections concerned after getting the administrative sanction. Finance Officer told that, by quoting the Govt. Order .No. HFW 494 RGU 2015, Bangalore, Dt: 08.03.2016, some expenditures are being booked illogically.

Finance Officer informed that,at present these expenditures are

  
ಕುಲಸಚಿವರು

  
ಕುಲಪತಿಗಳು

being claimed and paid quoting the above said Government Order. To elaborate the subject, he explained further:-

- a) that the above said Government Order is to meet the expenditures for confidential work/secret work. But in RGUHS the word "Confidential" or "Secret" is not properly defined as to whom these types of Confidential works can be allotted, whether outsourced and menial staff can also be allotted with these types of Secret Works, under which conditions these types of extra remuneration/Allowances can be given, whether these 'extra' remuneration /allowances can be given even for the normal working hours, etc. Still these expenditures are being booked. So, Finance Officer specifically stressed the need to work on these areas and to fix the eligibility.
- b) that as per the GO, the expenditure for secret service/confidential work shall be incurred by Registrar, RGUHS and such amount shall be drawn on AC bill by the Registrar. But, Finance Officer told that, no such procedure is being followed at present and also stressed, hence forth, if occasion demand, the need to follow the procedure as per the GO. And also told that the Finance Officer shall not maintain any records of such expenditure which is explained in the said GO.
- c) that as per the Govt Order, Registrar has to maintain a 'Contingent Register' in the sections (where confidential works are being carried out). As per Rule 47 of Manual of Contingent Expenditure and as per the said Govt Order, Director of Medical Education being the Controlling Officer, should conduct, at least once in every financial year, a sufficiently real administrate audit of the expenditure incurred and Registrar is to furnish a prescribed Certificate to Accountant General as per rule 47 (4) of MCE not later than 31<sup>st</sup> August of the following Financial year.

But, Finance Officer told that, these procedures are kept aside by RGUHS, which is supposed to be followed. Finance Officer told to the committee that there is an absolute need to follow the GO at present and told that no deviation shall be followed.

- d) that even while deciding the eligibility criteria to incur the expenditure, Article 15 of KFC, Rules 26, 27 and 28 of KCSR are not at all followed, where in it is clearly said that the expenditure should not be booked for one's own benefit, should be as per Rule of 'prudence', should not be on regular basis, which should be an occasional one, and which should be given for continuous working, out of office hours etc., In this matter Finance Officer drew the attention of the Committee.
- e) that even RGUHS Act (Section 19) prohibits for giving or taking any such 'extra' remunerations for any work in the University

ಕುಲಸಚಿವರು

ಕುಲಪತಿಗಳು

save as may be provided by the statutes or other orders regulating salaries, allowances and other conditions of service. Finance Officer told that since there is no statute in the University for extra remuneration /allowances, we are supposed to follow the KSCR, KFC etc., which regulate the service of the employees. Under these circumstances Finance Officer insisted, on the basis of urgency of requirement, to revise the rates, since the present rate is already high, as well as categories of persons entitled to get extra remuneration.

- f) that in RGUHS, in the examination and other sections where exam related works are being carried out, apart from extra remuneration /allowance, extra ration is also being provided in the form of breakfast, lunch, Tea/Coffee, snacks etc during working hours, which is unnecessarily burdening around 50.00 Lakhs per annum to budget. Finance Officer expressed resent over this type of avoidable expenditure and requested to stop these practices.
- g) that in the year 2020-21 around Rs.25.00 lakhs of expenditure is booked only towards extra remuneration /Allowance, the maximum part of which could have been avoided by defining the "Confidential work", and "within working hours work".
- h) that presently in RGUHS, outsourced Employees are not working even for 8 hours. Still, giving extra remuneration during working hours is not correct. Finance Officer told that in the circular of Labour Department, Govt of Karnataka, No.ಕಾಇ 51 ಎಲ್.ಡಬ್ಲ್ಯೂ.ವಿ 2017, ಬೆಂಗಳೂರು, ದಿನಾಂಕ: 29.12.2017, for the outsourced employees for the extra work put up above 8 hours in a day, certain guidelines are given about the method of calculating of extra allowance for that extra working hours, on the basis of Aadhar Enabled Bio-metric Attendance System (AEBAS). Finance Officer told that RGUHS is supposed to follow these guidelines in those circumstances only.
- i) that at present, no such Bio-metric attendance is provided on the basis of which extra-hours can be calculated. As of now, Registrar Evaluation gives the "Certificate of Attendance" and the payments are released only on the basis of those Certificate and sanction orders instead of Bio-metric attendance which is supposed to be a valid proof.
- j) that the Statutory Auditors from KSAD have already put several objections on the payment of extra remuneration / allowances for these types of duties.

Finance Officer also requested the committee to look in to the matter seriously and if required, to meet such types of all expenditures related with the confidential/secret services, the amount should be drawn and incurred by the Registrar,

	<p>RGUHS as in the Govt Order dated: 08.03.2016 as per the procedures laid down in rule Rule 47 of MCE.</p> <p>Committee discussed about the points raised by the Finance Officer in detail. Registrar cum Registrar (Eva) made the committee aware about the nature of Examinations related works. He told that since examination related works, at present, are not so secret / confidential in the true sense of the word, there the question of drawing the amount on AC bill by the Registrar does not arise. In RGUHS, since maximum works related with exams are being carried out by the Outsourced Employees due to the shortage of permanent staff, there is utter need of paying extra remuneration/allowances to the Outsourced Employees to get the work done on time. He told that for the announcement of result on time, for the dispatch of Marks Card on time etc., and since the work involved is very laborious and continuous one, RGUHS need to pay some 'extra' to the permanent as well as to the Outsourced employees.</p> <p>He, further explained to the committee that already these matters were discussed in the Syndicate meetings and got approved also, and so only, the 'Notifications' are issued also, and since many years the system of paying extra remuneration /allowances to the persons involved in the exam related works are 'on' in RGUHS and also it is being continued. Otherwise, he told the whole process of conducting exams, announcing results, dispatching marks cards etc., on time will be hampered.</p> <p>He further told that though Bio-metric attendance of the staff involved is not given to Finance Section, certainly, 'Duty Order', 'Sanction Order' and a 'Statement' signed by Registrar Evaluation is given along with the claim. So, he requested the committee to authorize the payment of all such claims "as it is" in the interest and smooth functioning of the system and told that payment shall be released on the recommendation of Registrar Evaluation and sanctioned by the Registrar.</p> <p>The Committee, by majority, considered the points raised by the Registrar (in-charge) Cum Registrar Evaluation and directed Finance Officer to release 'extra' amounts to all those involved in examination related works and clear the pending bills and note the same procedure for the future also as recommended by Registrar Evaluation and as sanctioned by Registrar. Any how, committee instructed Registrar Evaluation to be 'Judicious' in claiming the extra remuneration /allowances to the Deputed /Permanent employees and outsourced /menial employees involved. The expenditure involved should be booked under the respective Budget Head. Any further enhancement / authorization of the same shall be brought to the notice of the Finance Committee, it added.</p> <p>Further, the Registrar cum Registrar ( E ) requested the committee to give approval to the small hospitality which is already being followed in RGUHS for the guests who come on duty / come for meeting. **SUBJECT NO.XXVIII:**

**Continuation of services of Mrs.Chandrika, AFO:**

Finance Officer explained about present shortage of manpower in Finance section. He informed that recently Government has cut down the posts of DFO, AFO, 1- Audit Officer, 01-Account Superintendent Posts in the Finance Section, who are on deputation from KSA&AD and also there are no Accounts Assistants in Finance Section. The Section which handles transactions of Finance should have sufficient number of Officers and Staff. The present sanctioned post was sanctioned, when only 200 and odd institutions were affiliated to RGUHS. But now around 900 and odd institutions are affiliated to RGUHS. But still the existing pattern of Posts are deducted, resulting in only 01-Audit Officer and 01-Account Superintendent from KSA&AD which hampers to maintain Financial discipline. Finance Officer Requested the Committee to do the needful. Committee, after considering the left over service of only 10 months of the present Assistant Finance Officer, directed the Registrar to show present AFO against one equal or higher existing vacant Post in RGUHS and told to draw the salary of AFO for further 3 months against such Vacant Posts. Since the number of affiliated colleges are increased to many folds, Committee observed that no need to relieve anybody on the ground of latest GO which restricts the sanctioned Posts to 336 only, till Govt itself withdraws the staff /Officers on deputation and also until and unless RGUHS feels that their services are no more required to the institution.

**SUBJECT NO.XXIX: TABLE AGENDA**

**a. Legal Fee to be paid to the Panel Advocate of RGUHS to appear and defend the case on behalf of RGUHS:**

In 140<sup>th</sup> Meeting of the Syndicate held on 27.02.2019, approval was given to appoint Sri. V Raghuraman, Advocate, Sri Shankar and Associates, Advocates, and Sri. Badri Madhusudan and Co., Chartered Accountants for the purpose of GST and Income Tax matters of RGUHS. But fees to be paid was not fixed by the Syndicate to the above said subject experts, who fight for the interest of RGUHS. The Finance Officer told to the Committee that they are all the experts and have busy schedule. If we fix a particular remuneration for these experts, RGUHS may miss their service itself and at present the fees claimed by them is also very reasonable. Hence Finance Officer requested the committee to approve the fees claimed by them on occasion basis. And also the Finance Officer told to the Committee that from Badri, Madhusudan and Co., RGUHS needs Sri. T V Sudarshan, Chartered Accountant who is representing in all the Income Tax matters at Income tax department. Since he is the expert, Finance Officer requested the Committee to give approval to Sri T V Sudarshan to handle all IT Related matters at IT Department either through his company or individually.

The Committee discussed the matter in detail and gave approval for the amount whichever is claimed by all the above GST and IT experts as and when occasion demands. Since they are all experts in their fields and since the claimed fees are always reasonable, Committee opined that there is no need to fix the fees for them and also Committee agreed to appoint Sri. V Raghuraman, Advocate, for GST appeals at High Court/ Supreme Court/ elsewhere, Sri Shankar and Associates, Advocates, for IT appeals at High Court/ Supreme Court/ elsewhere and Sri. Badri Madhusudan and Co./ any other company where Sri.T V Sudarshan, Chartered Accountant, is an employee or associate or partner etc., or Sri. T V Sudarshan himself, if he is not working in any company to represent at IT Department.

**b. Disbursement of NPS contribution of RGUHS / Deputed Officers to NPSCell:**

Since these are statutory deductions, Committee approved to collect and contribute NPS share for all the staff of RGUHS covered under NPS and also for all the deputed staff and officers from Government / Autonomous institutions with all arrears.

**c. Formation of subcommittee towards maintenance of various stocks of RGUHS:**

The Committee insisted Registrar to form a sub committee to receive and certify all the stocks with immediate effect.

**d. Divestment of University fund:**

Finance Officer, with statistics, explained to the committee that in the recent past and present, the income received by RGUHS

	<p>is lessening. But the bills coming for payment is highly increasing resulting in Imbalance of income and expenditure. Since revision of different fees has not occurred since 23.05.2007, the inflow of the income to the University remained same as previous years. Meanwhile, there happened the hike of TA/DA and other remunerations, hike in the pay of outsourced employees, hike in the hospitality expenditures, donations to various Government Organizations etc, because of which, the balance in both the banks' accounts (SBI and CUB) is very meager at present, and now the ardent need to draw the amount in fixed deposit is felt than ever before.</p> <p>The Committee discussed on the points raised by FO and directed FO to discuss about this with the Vice-Chancellor and get the approval for disinvestment, if required, keeping in mind the day to day transactions for at least two to three months.</p> <p><b>e.
