1.	<p>a) Why can't university shall re-initiate the process of conducting the Seat Allotment and Counseling for the Government Quota seats for Nursing, Physiotherapy, and Allied Health Sciences by RGUHS only under able leadership of Hon'ble Vice Chancellor, Registrar and Registrar Evaluation...? RGUHS used conduct the Counseling process successfully in past many years</p> <p>b) How can you justify and what justice we can give to the students of Nursing admitted in the year 2020-21 who have studied first year for 16-17 months...? Delay in counseling process by KEA has huge impact on calendar of events of RGUHS. So seriously we can think of conducting counseling for Govt. Quota seats by RGUHS only...</p>	<p>Decision is at Government level.</p> <p>Decision is at Government level.</p>

	<p>b) Many of these above Head of Accounts are missing from online payment desk..? The finance section and finance officers are also unaware of this... I request kindly look into above points for ease process for institutions...</p>	<p>For updation of head of accounts, the concerned section has to move the file to Finance Section after approval from Hon'ble Vice-Chancellor. In this regard a mail has to be sent to the Finance Section with a copy marked to the Bill desk, as advance information. As soon as the mail is received in the Finance Section, the same will be sent to the Bill Desk for mapping. Hence the subject pertains to Administration.</p>
3.	<p>Still there is a delay in the payments of Examination, Digital Valuation and Remuneration to Dissertation Valuation etc., to the various faculties across the state... Why can't we implement the payment of Bills directly to Examiners or faculty by digitally by creating an "RGUHS Remuneration App"...? All details can be provided through that app and bills can be verified by finance section officers, then directly remuneration can be released them. Many Medical, Dental and other faculty Examiners for UG and PG declining examination duty because they don't receive remuneration properly.</p>	<p>In the Finance Section no such delay is being happened. Finance Section hardly takes 30 days to clear the bills from the date of receipt of bills, provided all the supporting documents are intact. It is noted that the bills pertaining to Digital Valuation, Dissertation etc., are being received in the Finance Section very late from the concerned Exam Section. Eg: The bills pertaining to the Digital Valuation of Nursing Faculty, which was conducted in November-December 2021 is not yet received till date in Finance Section. Hence the delay. New Finance Management System which is being floated in e-procurement portal, will be useful for payment directly to the examiners.</p>

Disinvestment of University fund:

Finance Officer, with statistics, explained to the committee that in the recent past and present, the income received by RGUHS is lessening. But the bills coming for payment is highly increasing resulting in Imbalance of income and expenditure. Since revision of different fees has not occurred since 23.05.2007, the inflow of the income to the University remained same as previous years. Meanwhile, there happened the hike of TA/DA and other remunerations, hike in the pay of outsourced employees, hike in the hospitality expenditures, donations to various Government Organizations etc., because of which, the balance in both the banks' accounts (SBI and CUB) is very meager at present, and now the ardent need to draw the amount in fixed deposit is felt than ever before.

The Committee discussed on the points raised by FO and directed FO to discuss about this with the Vice-Chancellor and get the approval for disinvestment, if required, keeping in mind the day to day transactions for at least two to three months.

ATR: Since the University has received a huge sum from KEA, at present no such disinvestment is required.

SUBJECT NO.II

Approval of Budget Estimates for the FY 2022-23 and Revised Estimates for the FY 2021-22:

The Chairman asked the Finance Officer and Secretary to explain about the Revised Budget Estimates (RBE) for the FY 2021-2022 and Budget Estimates (BE) for FY 2022-23. Finance Officer and Secretary told that, as per Section 13(6) and Section 42 of RGUHS (Amendment) Act 2013, Vice-Chancellor shall be responsible for the presentation of the Annual Financial Estimates to the Syndicate. As per Section 17(3), Finance Officer shall be responsible for the preparation of the Annual Financial Estimates. As per Statute 4.2, under the Head, "Functions of the Finance Committee", it is said that the Finance Committee shall scrutinize the Annual Budget Estimates and make its recommendations to the Syndicate. The Finance Officer told that hence the Revised Budget Estimates for the FY 2021-22 and Budget Estimates for the FY 2022-23 is placed before the Finance Committee, a copy of which, is already sent to the members of the Finance Committee along with the Agenda to discuss in detail. Both the RBE and BE are prepared after consulting the Directors and Section Heads of the University.

The Finance Officer explained that in the RBE for the FY 2021-22, the total Income (Receipts) including the interest on FDRs will be Rs.22,917.99 Lakhs and total expected expenditure will be Rs.18,230.28 Lakhs. Hence net excess of Income over expenditure will be Rs.4,687.71 Lakhs. The Committee approved the RBE for the FY 2021-22 as in the **Annexure 'A'** attached with an amendment by keeping Rs.625.09 Lakhs as expected expenditure and Rs.800.90 Lakhs as RBE for the FY 2021-22 under the Head of Account 02004008 (Establishment of Museums in 08 Government Medical Colleges (six Departments) ending up the total revised Receipts (Income) of Rs. 22,917.99 Lakhs, including (Bank Interest on FDRs) and total expenditure at Rs 18,855.28 Lakhs.

Finance Officer explained to the Committee that in the BE for the FY 2022-23 (**as in the attached Annexure 'A'**) the total income including the bank interest on FDRs is Rs.22,468.50 Lakhs and the total expenditure is Rs.69,139.30 Lakhs, because of which there is Rs.46,670.80 Lakhs of Net excess of expenditure over Income. He also explained that out of excess expenditure of Rs.46,670.80 Lakhs, assets worth of Rs.36,140.00 Lakhs will be created, (Rs.31,140.00

ಕುಲಸಚಿವರು

ಕುಲಪತಿಗಳು

Lakhs Engineering Works and Rs.5,000.00 Lakhs Simulation Labs in Regional Offices of RGUHS) which will not be considered as expenditure. So, he told that the Net expenditure over Income (after considering the asset creation) is Rs.10,530.80 Lakhs which shall be called as 'Deficit'. The Committee discussed in detail, Head of Account wise about the ways and means to reduce the expenditure, and finally, decided to reduce the estimated expenditure in the following Heads of Account:-

(Amount in Lakhs)

Head of Accounts	Subject	Amt Placed to FC	Amt Recommended	Savings
02002012	PURCHASE OF COMPUTERS	500.00	200.00	300.00
02002018	MODERNIZATION OF OFFICE / LAN NETWORKING (IT CELL)	800.00	400.00	400.00
02005001	EXPOSURES TO FOREIGN VISITS	500.00	100.00	400.00
02008005	RESEARCH ACTIVITY-ADVANCE RESEARCH INCLUDING NON-FACULTY	5000.00	1000.00	4000.00
		6800.00	1700.00	5100.00

With this amendments Committee unanimously passed the Budget Estimate for the Financial Year 2022-23 as attached in "**Annexure -A**".

However the Finance Committee observed that there is a deficit of Rs. 5,430.80 Lakhs, (after reducing the estimated expenditure as said in the above table) which has happened because of the excess of expenditure over the Income. Committee recommended to utilize such deficit amount of Rs.5,430.80 Lakhs from the investments kept in the form of FDRs and also unanimously decided to go for the 'Revision of Fee's as early as possible, because no such revision has happened since 15 years (approx). Committee also decided to make such 'Deficit' good through Revised Fee collection in the Financial Year 2022-23 by implementing new fee structure.

Table Agenda - I
