Date: 12/01/2016

Circular

Dear Sir / Madam, Greetings of the Season.

Rajiv Gandhi University of Health Sciences, Karnataka has taken many initiatives to transform the academic ecosystem and create a supportive milieu for qualitative practices. To sustain the efforts for academic quality, it is decided to establish a Quality Network with the University as its hub and affiliated institutions as the nodes.

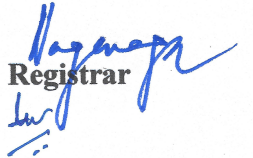

In this context, all affiliated institutions are required to constitute an Institutional Quality Monitoring Cell (IQMC). To initiate the process, there shall be a core committee in each institution to establish the IQMC. The head of institution shall be the chairperson of this core committee and a senior faculty with inclination for quality practices and preferably oriented to quality practices shall be the convener.

It is proposed to organise faculty-wise workshops to orient the core committee of each IQMC, so that the full-fledged IQMC is operational by year-end. These workshops are proposed during the second quarter of this calendar year.

The ultimate purpose of this quality movement is to generate quality evidences in academic and related areas of health professionals' education and disseminate them for universal applicability.

You are required to constitute the core committee for IQMC and communicate the information on or before **05th February 2016** to:

Dr. Munir Ahmed R
Director, College Development Council
Rajiv Gandhi University of Health Sciences, Karnataka
Jayanagar 4th T Block, Bengaluru – 560041.
