H. BOS PG Physiotherapy in its meeting held on 11.05.2022

Agenda	Proceedings/Decisions
Review of the minutes of the previous BOS Meeting	The proceedings of the previous PG BOS meeting of MPT held on 18.10.2021 were discussed. The actions taken on and the status of resolution of the agenda were reviewed. In the current syllabus copy made accessible, alignment and typological corrections needed to be made. Hence the revised syllabus copy needs to be uploaded in the university website. **Further Action:** CDC Section to upload the Revised MPT syllabus onto the Website.
Review and update of MPT examiner panel	The examiner Panel have to be updated. As per the new specialty curriculum, the guide recognition will be provided as per specialty after due application authorized by principal and registered with University. Since the principals will have to complete the process before synopsis submission as per the revised college seat matrix, the revised list has to be submitted for update of the Examiner Panel. The members were informed that the new internal and external examiners will be added to the panel following the preexisting procedure in the format currently solicited by the University. The submissions should be duly certified by Principal of the institutions and sent to the Board of Examination for update of Examiner Panel. Members raised concerns that a few colleges who have applied for Guide registration have received updated list of Guides but with designations provided earlier. The panel suggested that the right designations have to be clarified by the concerned colleges and the necessary promotion orders needs

		to be submitted to the guide recognition section and necessary corrections have to be collected. **Further Action:** The current examiner panel needs to be updated. The new panel for the specialty batch of RGUHS also needs to be formed. Principals of affiliated colleges to send the revised list of eligible examiners available from the colleges on or before the synopsis submission and this list to be made available for the next scheduled BOS meeting. This needs to be updated before the final examinations of 2023.
	Matters regarding specialty syllabus implementation & clarification	The members of BOS were asked to explain, the status of syllabus implementation and any issues in implementation of the new specialty curriculum. 1. Members opined that the new syllabus implementation is in its early phase and hence there were very few concerns. Therefore, the feedback needs to be sought once considerable portions are implemented. They raised concerns on the rightness of appropriate content delivery for the new syllabus content of Paper 1, specifically the Pedagogic methods. 2. The members questioned how much duration of non - specialty clinical postings need to be provided for students. The Panel clarified that since the non-elective syllabus duration is less and the postings are implemented variably across colleges depending on their affiliated or shared hospital facility, non-elective posting is essential to improve the exposure of all admitted students, however, the time slot for initiation and completion of clinical posting can be decided by the concerned colleges. 3. The members opined that there needs to be clarity on both theory content, weightage for different topics as well as the practical and clinical instruction to be provided for each specialty. **Further Action:** 1. The BOS to organize along with medical education Unit sessions on pedagogic methods in teaching learning process. A set of question and mark distribution on

		important topics can be prepared with references alongside for additional clarity on nature of content to be provided. The question bank can be made available to colleges. 2. The University can organize sessions with subject experts for specialty on the content and quality of each specialty papers successively. BOS to form committee to initiate and complete the process before, the time of synopsis submission. 3. Further feedback on syllabus implementation from concerned subject teachers and students needs to be collected for review from most PG colleges. The members of BOS to ensure the collection of data.
	Planning specialty wise question paper preparation	Since the syllabus content has expanded in the new syllabus, need for initiating question bank preparation for the forthcoming examination was imminent. The members deliberated on the pattern, topic wise mark weightage, quality of questions and the mark split-up for each component within a question. The concerns pertaining to the answer clarity across different papers covering different aspect of the same topic was also raised. The members agreed that clarity on various aspects needs to be upheld during preparation of question bank and is communicated to question bank developers and question paper setters. Further, the panel insisted that the process of question bank preparation needs to progress hand in hand when we discuss the syllabus and should not be deferred for a later point of time. **Further action:** Board of examiners to identify and develop a committee and paper setters to implement the process. The process to be completed before the synopsis submission time.
	Any other matter	The exams are conducted at end of the entire two years. Hence members questioned whether internal marks can it be incorporated. Whilst the members felt the summative final

			assessment alone is not adequate, the formative evaluation system and its implementation should be meticulously followed by the colleges and utilized to grade them in the final exam based on their regular curricular content evaluation for eg, regular case presentations, case discussions, journal presentations, seminar presentations. The panel clarified that the format for evaluation, the duration and the evaluation checklists are included within the curriculum to facilitate the formative evaluation. Suggestions were provided for utilizing evaluation grid and evaluation rubrics for final examination to make the final evaluation process more objective.
Decision of AC	After detailed deliberation, it was recommended to consider the minutes of Board of Studies in Physiotherapy UG held on 11.03.2022 and Board of Studies in Physiotherapy PG held on 11.03.2022.

However, counselling for lateral students admitted to 3rd Semester, 2022 has been completed only on 10.04.22, hence the required number of working days cannot be completed for the said students. Further, it is very important to hold the semester end examinations as soon as possible following all rules and regulations as there was a lot of delay in the conduct of semester end examinations in the previous years due to the COVID situation. Hence attempts must be made to reduce/overcome the delay and ensure that the student completes the course in the stipulated period of time ie 4 years to enable and not hinder them in their pursuit of higher education or employment.

Subject -10	Formulation of Ordinance Governing Central Assessment Programme (CAP) for theory paper assessment of all Under Graduate courses in all faculty examinations affiliated to RGUHS.

		Bhuvan Vidyalaya School in the annex building, Sri Pragathi College of Pharmacy is running D.Pharm course since 1996. **6.** Stacks of unused answer books of Department of Technical Education, Practical records of Bhuvan Polytechnic and display of notices pertaining to ITI semester exams Nov / Dec 2021 and Mar / Apr 2022 are evidence of other functional courses even though the management has declared that at present they are running only the school apart from D.Pharm course (undertaking letter dated 25.05.2022 enclosed) **7.** Two class rooms of approx 81 sq m and one class room of approx 99 sq m respectively located in the second floor of annex building also housing the school were shown as class rooms earmarked for B.Pharm course. 8. **Physical tour of laboratories, library and other ancillary areas was denied on the pretext that they** were locked and all keys were in the custody of the principal who happened to be absent due to personal reasons. This flimsy excuse was given only after much persuasion by us to arrange for building visit. Hence verification of apparatus, equipment and books was impossible. 9. The entire premises is very dirty, lacks proper lighting and ventilation and unfit for conducting classes. Most of the rooms that were open and other common areas appear to be unsued for a long time and emanate a strong musty odour, let alone filth and dust 10. Principal was not available in the college, we were informed that he has on leave for a few days due to personal reasons. A point worth noting is that even though it happened to be a working day, both teaching staff as well as students of D,Pharm course were not present in the college during working hours. 11. Essential and mandatory records such as attendance registers of teaching and non teaching staff, acquittance register, accession register pertaining to books and journals, original purchase bills for chemicals, glass ware, equipment and books were not made available for perusal in spite of repeated requests. 12. The management has informed us orally that consolidated salary is paid in cash to all its staff members including the principal neither bank statements nor acquittance register is maintained in this regard **The afore mentioned facts indicate that Sri Pragathi College of Pharmacy, Venkatala, Yelahanka, lacks the**

172/43	Disinvest & Cut off relations with Canara Bank The direction of the Paper Laid Committee (Committee of Paper laid) at the meeting held on 16/8/2022 on the investment made at the Syndicate Bank, present Canara Bank, M.S. Building Bangalore in 2014. RGUHS has sent two cheques of Rs. 5.00 Crores each on the 14/09/2014 and 29/09/2014 through the bank representative of Syndicate Bank M.S. Building to invest in fixed deposit. But , the amount was deposited in an current account, opened by the "fraudsters", and the amount of Rs.8.50 cr was transferred to different/ many accounts by the fraudsters without the knowledge of RGUHS, and the amount of Rs.1.50 cr was kept in FDRs (Rs.50.00 lakh X 2 + Rs.9.00 lakh X 5 + Rs.5.00 lakh X 1). But the Fraudsters handed over FDRs for Rs.10.00cr (Rs.90.00 lakh X 10 + Rs.50.00 lakh +2) which was afterwards confirmed as 'fake' FDRs. An FIR was filed by the Syndicate Bank at P.S.Vidhana soundha against 05 culprits and two accused were arrested also. Another writ petition was filed by RGUHS against the said bank in 2016. Many letters were written to the Syndicate bank to return the FD money but only Rs.1.50 cr + interest (which was in FD as per Syndicate Bank records) was returned to RGUHS in 2020. The balance amount of Rs.8.50 cr +

interest is sill with the Syndicate /Canara Bank, though many correspondences with the Canara Bank / Syndicate Bank are made in request to return the same.

Meanwhile, at the end of January 2022, an E-bld, through e-procurement portal of RGUHS (MED) was called, to place the surplus fund of Rs.500.00 Crores, in which 04 banks got qualified. The bid Rate of interest for a period of one year is as below, in bulk, for a period of one year.

	Non-Callabel	Callable
Canara Bank	4.35%	4.25%
Union Bank of India	4.37%	3.90%
PNB Housing	4.40%	4.00%
Indian Bank	3.20%	3.10%

After the detailed discussion about each bank and the investment already made in each bank, and the Rate of Interest, it was decided to invest in Canara Bank, Union Bank of India and PNB Housing, Committee discussed about the 'fraud' that had happened in Syndicate Bank in 2014 and decided to invest in Canara Bank an amount of Rs.50.00cr under callable category and Rs.100.00cr under Non-callable category. The reasons to invest in Canara bank was made for the following reasons.

a) The Initial fraud had happened in the Syndicate Bank, in the year Sep-2014. So, Canara bank directly has no role in the fraud.
b) Canara Bank being a Karnataka based bank, is a people friendly bank, having thousands of branches all over Karnataka and India.
c) The total surplus fund available at that time, put to bid was a huge amount of Rs.500.00 cr for a period of one year. As a safety method, to avoid parking of huge fund, only in one bank i.e. in the highest bidding Bank, the investment Committee bifurcated the amount and decided to invest in three entities/Banks who were the highest bidders with respect to ROI. They are Union Bank Of India, (Rs.200.00 Cr, ROI-4.37% .p.a. in Non-callable category),Canara Bank (Rs.100.00 cr in Non-callable category at 4.35% p.a. and Rs.50.00 crores in callable category at

	4.25% p.a.) and PNB housing (Rs. 150.00 cr in Non-callable category at 4.40% p.a) d) The committee had noticed that the decisions against FIR filed by the Syndicate Bank and also writ petition filed by the RGUHS are pending in the hon'ble courts in this matter. Anyhow, it has decided to go ahead with the investment in Canara Bank to an extent of Rs.150.00 crores only. It was decided to write the letters to Canara Bank to return the unreturned Balance of Rs.8.50 cr + Interest. In this back ground, the Annual reports of RGUHS of 2018-19, 2019-20 and 2020-21 and also the Audit Reports of 2018-19 and 2019-20 were placed before the Committee of Paper Laid on the 16th August 2022. The committee observed the 'Fraud' that had happened in the Syndicate Bank (present Canara Bank) in the year 2014 and also noticed that an investment of rs.150.00 crores was made in Canara Bank in the month of January 2022, when there was still the pendency of paying back of Rs.8.50crores + Interest from the Canara Bank Side. Committee took this matter seriously, and directed the University to get back the said amount immediately, or else, the investment of Rs.150.00 crores and all the financial transaction which the university has, at present, with the Canara bank shall be withdrawn. After the direction from the CPL, letters are written to many authorities of the Canara Bank including the MD & CEO of the Bank, asking them, to return the fund immediately before 3rd of Sep 2022. It is also informed that, or else, the investment of Rs.150.00 crores, which was made in January 2022 will be withdrawn with the cessation of all the financial transaction with Canara Bank in future. A letter is also written to the Secretary Vidhana Soudha Secretariat, to give a copy of the proceedings of the CPL meeting held on the 16th Aug 2022, in which the above said direction was passed, in expectation of the 'Proceeding copy', the matter is placed before this

	Hon'ble decision making body to give permission to withdraw the investment made in Canara Bank as per the direction of Hon'ble CPL and for ceasation of financial transactions with the Canara Bank. And also banning/barring the Canara Bank from taking part in the investment proceeds of RGUHS whenever such notification is put in the E-Procurement portal with a Note "CANARA BANK is banned from taking part in this E-bidding". Since the time given to RGUHS to take the action is "one month" only, the matter is placed to take immediate decision.
ಸಿಂಡಿಕೇಟ್ ನಿರ್ಣಯ	The Syndicate discussed the issue seriously, meanwhile, Hon'ble Chairman & Vice-Chancellor drew the attention of the Syndicate towards the copy of the letter addressed to the Chief Secretary to the Govt of Karnataka by the Secretary Karnataka Legislative Assembly Secretariat, ಕವಿಸಸ/ಸರಾಪ/04/ವೈಶಿಇ/2022–23 where it is told to consider the matter seriously and to act immediately and report about the action taken to the Committee of Paper Laid. <u>Finally it was decided that</u> :- a) Rs 150.00 Crores which is invested in Canara Bank in the month of January 2022 should be withdrawn after following the due process of writing a letter to the Branch of the Canara Bank, Nelamangala Branch, Bangalore. b) The SB a/c in Canara Bank i.e. The Pension Trust Account should be closed and shifted to SBI, Jayanagar 4th T Block Branch. c) In future all the transactions with the Canara Bank shall be withdrawn. d) In all the future Investments of the Surplus fund of RGUHS Canara Bank shall not take part. A note in this effect saying that Canara Bank is prohibited to take

	part in this Bid shall be there in the Bid document, until further direction from Syndicate, RGUHS.
