1. The first part of the paper is devoted to a discussion of the general theory of the problem.

2. In the second part, we shall consider the special case of the problem, when the function $f(x)$ is a polynomial.

3. The third part of the paper is devoted to a discussion of the numerical methods for the solution of the problem.

4. In the fourth part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

5. The fifth part of the paper is devoted to a discussion of the results of the numerical calculations.

6. In the sixth part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

7. The seventh part of the paper is devoted to a discussion of the results of the numerical calculations.

8. In the eighth part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

9. The ninth part of the paper is devoted to a discussion of the results of the numerical calculations.

10. In the tenth part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

11. The eleventh part of the paper is devoted to a discussion of the results of the numerical calculations.

12. In the twelfth part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

13. The thirteenth part of the paper is devoted to a discussion of the results of the numerical calculations.

14. In the fourteenth part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

15. The fifteenth part of the paper is devoted to a discussion of the results of the numerical calculations.

16. In the sixteenth part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

17. The seventeenth part of the paper is devoted to a discussion of the results of the numerical calculations.

18. In the eighteenth part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

19. The nineteenth part of the paper is devoted to a discussion of the results of the numerical calculations.

20. In the twentieth part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

21. The twenty-first part of the paper is devoted to a discussion of the results of the numerical calculations.

22. In the twenty-second part, we shall consider the application of the theory to the solution of the problem of the distribution of the load on the supports of a beam.

23. The twenty-third part of the paper is devoted to a discussion of the results of the numerical calculations.

III. AIR POLLUTION CONTROL:

1. The Source of emission, Stack height & Air Pollution Control (APC) measures shall be as specified in ANNEXURE-II.
2. The occupier shall provide port holes for sampling of emission, access platforms for carrying out stack sampling, electrical points and all other necessary arrangements including ladder as indicated in Annexure-II.
3. The Occupier shall upgrade/modify/replace the control equipment with prior permission of the Board.

IV. NOISE POLLUTION CONTROL:

The applicant shall ensure that the ambient noise levels within its premises during construction and during operational period shall not exceed w.r.t Area/Zone as per Noise Pollution (Regulation and Control) Rules, 2000 as mentioned below:-

- a) In Industrial Area 75 dB(A) Leq during day time and 70 dB(A) Leq during night time.
- b) In Commercial Area 65 dB(A) Leq during day time and 55 dB(A) Leq during night time.
- c) In Residential Area 55 dB(A) Leq during day time and 45 dB(A) Leq during night time.
- d) In Silence Zone 50 dB(A) Leq during day time and 40 dB(A) Leq during night time.

Note: - * Day time shall mean 6 am to 10 pm and Night time shall mean 10 pm to 6 am.

- * dB(A) Leq denotes the time weighted average of the level of sound in decibels on scale A which is relatable to human hearing.
- * A "decibel" is a unit in which noise is measured.
- * "A", in dB(A) Leq, denotes the frequency weighting in the measurement of noise and corresponds to frequency response characteristics of the human ear.
- * Leq: It is an energy mean of the noise level over a specified period.

V. SOLID WASTE (OTHER THAN HAZARDOUS WASTE) DISPOSAL:

1. The industry shall collect, treat and dispose off all solid waste generated from the process other than wastes covered under the Hazardous Wastes (Management & Transboundary Movement) Rules 2016, in such manner so as not to cause environmental pollution.
2. The details of solid waste generated from the proposed plant and mode of disposal shall be as below.

VI. HAZARDOUS AND OTHER WASTES (MANAGEMENT & TRANSBOUNDARY MOVEMENT) RULES 2016:

1. The industry shall apply and obtain authorization under Hazardous Wastes (Management & Transboundary Movement) Rules 2016, and comply with the conditions of the authorization. The applicant shall apply for authorization along with the consent for operation (CFO) application under the Rules in Form-I to obtain authorization and comply with conditions.

Principal
Sri Siddhivinayaka Institute
of Nursing, Hengal-591220
1d Rajah, Dist. Belgaum

VII. GENERAL:

1. The applicant shall obtain prior permission from the competent authority for drawing of water from Surface/Ground water source and submit a copy of the same to the Board.
2. The industry shall transport and store the raw materials in a manner so as not to cause any damage to environment, life and property. The applicant shall be solely responsible for any damages to environment.
3. The industry shall not commission the proposed plant for trial or regular production unless necessary Water & air pollution control equipments are installed as specified in the Consent Order.
4. The industry shall ensure that the treatment plant and control equipments are completed and commissioned simultaneously along with construction of the factory and erection of machineries.
5. The industry shall not change or alter (a) raw materials or manufacturing process, (b) change the products or product mix (c) the quality, quantity or rate of discharge/emissions and (d) install/replace/alter the water or air pollution control equipments without the prior approval of the Board.
6. The industry shall immediately report to the Board of any accident or unforeseen act or event resulting in release of discharge of effluents or emissions or solid wastes etc. in excess of the standards stipulated. And the industry shall immediately take appropriate corrective and preventive actions under intimation to the Board.
7. The Board reserves the right to review, impose additional condition or conditions, revoke, change or alter the terms and conditions.
8. This CFE does not give any right to the Party/Project Authority/Industry to forego any other legal requirement, that is necessary for setting/operation of the plant.
9. The industry shall furnish pointwise compliance to the conditions given under this consent for establishment along with the application for Consent to operate.
10. The applicant is liable to reinstate or restore, damaged or destroyed elements of environment at his cost. failing which, the applicant/occupier as the case may be shall be liable to pay the entire cost of remediation or restoration and pay in advance an amount equal to the cost estimated by Competent Agency or Committee.
11. The Project authorities shall apply and obtain prior consent of the Board for any new air pollution sources in future

Please note that this is only consent for establishment issued to you to proceed with the formalities for establishment of the industry and does not give any right to proceed with trial/regular production. For this purpose, separate consents of the Board for discharge of liquid effluent and the emissions to the air shall have to be obtained by remitting prescribed consent fee. The application for consent has to be made 120 days in advance of commissioning for trial production of the plant.

The receipt of this letter may please be acknowledged.

3. In case of any discrepancy please inform the Competent Authority.

"NURSING INSTITUTE", and in "NIRMAL HOSPITAL AND DE ADDICTION CENTRE, MIRAJ" Having its place of Existence, the city of Miraj in the state of MAHARASHTRA at herein refer to as the "HOSPITAL".

It being the intent of the Institute and the Hospital to co-operate for the education of nurses, it is agreed as follows:

- 1) The Nursing Institute will assume full responsibility for planning and execution of the educational program in nursing, including programming, administration, curriculum content, faculty appointments, faculty administration, and the requirements for matriculation, promotion and graduation.
- 2) The Nursing Institute will provide instructors for teaching and supervision of students assigned to the hospital for clinical experience, depending on the course assignment. All faculty, Instructors and supervisors provided are licensed.
- 3) The Nursing Institute will have responsibility for planning the schedule of student experiences and for making individual assignments. The Nursing Institute will notify the Hospital in advance of its planned schedule of student assignments to clinical areas including the dates, number of students and instructors and type of experience. This schedule shall require approval by the Hospital.
- 4) The Nursing Institute will withdraw any student from the clinical area when the student is unacceptable to the Nursing Institute or the Hospital for reasons of health, unacceptable practices or performance.
- 5) The Nursing Institute will keep all records and reports on student's clinical experience.
- 6) The Nursing Institute will provide orientation for the Hospital staff regarding the educational program.
- 7) The Nursing Institute shall direct students and instructors to comply with the rules and regulations of the Hospital, of which the Hospital has advised the Nursing Institute in writing, insofar as they may pertain to the activities of both while in the Hospital.
- 8) The Nursing Institute shall direct students and instructors to respect the confidential nature of all medical or personal information relating to the Hospital. The Nursing Institute shall advise all students and faculty of the importance of complying with all relevant state and central confidentially laws.
- 9) The Hospital will provide orientation to participating students and Nursing Institute faculty relative to its facilities, and its rules, regulations and procedures.
- 10) This initial period of this Agreement covers the period 3 years through and shall be deemed automatically renewed on an annual basis thereafter upon the same terms and conditions unless terminated by any party hereto upon at least sixty (60) days written notice prior to the annual renewal date. In the event of termination, students enrolled shall not be prejudiced with respect to completion of their clinical clerkship.
- 11) Each party agrees to co-operate with each other in connection with any internal investigations.
