Sir,

Sub: Shifting of students from one quota to another after the last date of admission

As per the subject cited above, it has come to the notice of university that few colleges are requesting to shift the students from one quota to another after the last date of admission which will lead to irregularity in admission procedure. Hence any request for shifting of students from one quota to another from the academic year 2014-15 onwards is not permissible. Hence the colleges are directed not to submit any request regarding the same and university will not correspond in such issues.
