242	22A0271	AYURVEDA	33	36	69	99.07	Selected

Note:

- 1 Percentiles are computed based on total marks and conditional sorting of the same.
- 2 If total mark is tied, then percentage of PG marks is considered and higher percentile is assigned to the higher scorer.
- 3 For Ayurveda alone, since there were mixed methods of grading PG marks, percentage of UG marks is considered.
- 4 If total marks, PG percentage of marks and UG percentage of marks were tied, then completed age of the candidate is considered and older age candidate is preferred for higher percentile.
- 5 Faculty wise percentile computation is based on the kth percentile formula i.e.  $kth\ percentile = (no\ of\ candidates\ securing\ marks\ lower\ than\ the\ x\ value / total\ number\ of\ candidates\ appeared) * 100$ .
